REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: A search of the prior art fails to teach or render as obvious the claims as a whole, and of particular note, the features comprising: a software vendor producing instances of a software which is to be installed on a user device, wherein said program detects the use of untagged instances of the software and performs a fingerprinting process and store the datum, for the purpose of detecting unauthorized use. The closest prior art is U.S. Pat. No. 6,889,209, of Rabin et al., which performs a similar process on a hash of the tagged value to a call-up routine to verify authorization.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
